[Minutes](#)

[Meeting Time and Location:](#)

First Monday of every month, 4:00 p.m. in the Council Conference Room, City Hall.

[Purpose:](#)

The Missoula Bicycle and Pedestrian Advisory Board has the duties to: (1) Make recommendations on capital improvement projects, transportation improvement plans, Bicycle and Pedestrian Program and other City programs and projects, insofar as they relate to bicycling and walking. City officials shall provide appropriate plans and other materials for review by the board within a timely manner. (2) Advise in the development and implementation of City comprehensive bicycling and walking plans and policies and the development of long-range transportation plans. (3) Make recommendations to the City to improve the institutional and professional responsiveness of the City to promote non-motorized transportation and recreational cycling. (4) Advise the Bicycle/Pedestrian Coordinator regarding school programs to promote operator awareness and competence through education and public information programs and enforcement. (5) Make recommendations to the City regarding design standards for all types of bicycle and pedestrian facilities. (6) Make recommendations to the City regarding bicycle and pedestrian planning as it relates to facility selection and cost impact. (7) Make recommendations regarding prioritization of bicycle and pedestrian facilities needed in the City. (8) Consult and advise government agencies in order to promote bicycling and pedestrian activity as viable forms of urban transportation and recreation and reducing dependence on private automobiles as a primary mode of transportation. (9) Advise the public transportation districts to provide effective linkages between bicyclists and pedestrians and public transportation.
